

Welcome to Spring! We farewell Winter which has been a busy time for us, with a lot of staff training, fashion shows, product launches and a fun night at Infusion with our Spring Colour Evening. This is all important in our business, we like to keep you up to date with the new and exciting in the Beauty and Fashion world.

Of course with the welcome of Spring brings with it the ever looming Christmas. I would like to remind you all of how important it is to pre-book your Christmas appointments in plenty of time so you won't miss out.

We have some great Christmas packs arriving in the Salon from mid-October, and of course we always have our Gift Vouchers as a popular Christmas Gift. We're happy to date them six months from the 25th December, so if you want to get organised early then you can.

Gel Nail Polish Manicure

Gel manicures are great for long lasting shine and color, lasting up to two weeks with minimal or no chipping. Well, Orly has released their new GelFX at Infusion with some much needed improvements to the gel process. Their curing system uses LED light, (not UV) so this means no UV radiation for your hands – one of the quickest places to show signs of aging. And another added bonus, the formula dries in half the time of a standard gel manicure.

Considering there are plenty of gel options on the market, Orly has clearly learned what's good, what's bad and how to make their line – let's just say it – better. From vitamins A, B5 and E found in the base coat to the GelFX cuticle oil and not to mention the 32 color options, we think it'll be a hit.

This service is now at Infusion for \$50 – try a favourite colour or a French Manicure

Extreme Lashes

We've introduced TK Lashes to Infusion! These allow you to have eyelashes that are temporarily extended. The kit includes a black gel and also a fibre wand. The fibres attach to the gel and then they're sealed with the gel once again to separate and set the lashes.

No extra time required, just the same time that it would take you to apply three layers of mascara to your eyes. Achieve up to 300% longer lashes anywhere and anytime. No booking times and no extra costs. Washed off in just warm water, these will give you up to 60 applications. **AVAILABLE NOW for only \$80!**

Sun and C Facial

Protect and repair while anti-aging your skin over Spring/Summer with our Special Sun and C Facial Deal for our Clients.

Vitamin C protects against UV induced cell damage that not only causes premature aging but also skin cancers.

When booking for your facial, one from two of our Intensive Vitamin C facials will be chosen depending on your skin type and what your skin is requiring on the day.

Pre-book for 3 of these facials OCT, NOV, DEC and pay only \$170 . . . or these facials can be paid for individually at \$65 (normally \$80).

Matrix News

Matrix have repackaged their products and also introduced some new products in their range. Our **NUMBER ONE SELLER "MIRACLE TREAT LOTION"** in the new colour care range is a great example of how fantastic their products are. Sunflower Oil with 12 benefits including detangles, seals hair from damage, maximizes natural body, conditions and restores shine – to list only a few.

This will continue to be our hot product for your hair over the summer months at only \$19

When used with the Shampoo and conditioner in the same system it will protect your colour for 45 washes!

We're always looking at improving our service to you and so now . . . **Any bookings for hair colouring at Infusion receive a complimentary lightweight nourishing moisture hair treatment at the basin.** A soothing scalp treatment that restores elasticity and shine while you relax with a scalp massage with your colour service.
